2020 Sponsorship Opportunities

31 Years of Leadership in Active Investment Management

Managing in excess of \$32 billion in client assets, the National Association of Active Investment Managers (NAAIM) membership ranges from long-established, multi-billion-dollar firms to new advisors attracted by the potential of active investment management to create viable long-term portfolios for their clients.

Through its thought-provoking conferences, white paper competition, manager sentiment indicator, manager visibility created by the NAAIM Shark Tank, and on-going exchange of ideas, NAAIM has attracted investment advisors open to new concepts and better ways of managing client assets since 1989. NAAIM advisors actively seek innovative investment vehicles and approaches that offer better trading opportunities and alpha return potential.

NAAIM is not your ordinary investment advisor group. Our members believe in risk management in an uncertain world. They look beyond passive asset allocation, modern portfolio theory and mainstream investment approaches to offer clients capital appreciation combined with capital preservation.

If you are looking for advisors and money managers with the staying power to make it beyond the next bear market; firms with the potential to grow assets under management in all investment climates; financial innovators – NAAIM sponsorship will provide you with the introduction you need.

With NAAIM, you can go beyond the sale to explore new product

ideas. Many of the innovative investment tools available today for active managers were created in collaboration with NAAIM members.

At NAAIM we see our sponsors as an invaluable resource. A resource we make available to the NAAIM members throughout the year, not just at one conference or event.

Sponsor firms are offered a range of benefit-packed levels to reach the influential NAAIM membership. These opportunities are detailed on the following Sponsor Benefit Matrix and application form.
